# Preface

Campaign for Popular Education (CAMPE) is an advocacy and campaign network promoting quality education, retention and completion of primary & secondary education cycle of both boys and girls in Bangladesh. It has gradually grown into a well-known credible coalition of about 1000 education NGOs, researchers, education rights' campaigners and teacher associations sharing similar vision and mission. It is also the Secretariat of Education Watch, a civil society platform of researchers, practitioners and activists in the education sector in Bangladesh. CAMPE, on behalf of the Education Watch group, coordinates the production of annual research-based Education Watch reports, presenting a civil society perspective on the progress and challenges of achieving different national and international goals and targets in Bangladesh.

Citizens' Report Card (CRC) is a popular social accountability tool for analyzing citizen's perception on public service performance. The use of citizens' report card, as a performance monitoring and feedback mechanism is expected to ensure social accountability. CAMPE applied this tool in Government Primary Schools in 2013 and in 2015. In 2016 a total 6,720 households under 120 government schools and newly nationalized primary school, were investigated in 20 districts from eight divisions.

This report is a part of final report of Report Card Survey 2016, presented scores against each indicator of school and thereby covered 120 schools. The indicators included quality of books, payment against free text books, buying guidebooks, practicing of corporal punishment, its acceptance among the guardians, teacher punctuality, availability of trained teachers, home visit including communication over phone by teacher, unexpected behavior of teacher, availing of private tuition, school teacher's involvement in private tuition for their own students, availability of safe drinking water, usable toilet and playground, hoisting of national flag and rendering of national anthem; vacancy of teacher position, teacher student ratio including male female ratio in teacher position etc. It also looked at the satisfaction level on school infrastructure, textbook distribution, teacher attendance, teacher behavior and extra-curricular activities in school.

A standard scoring mechanism has been followed in this report while determining grade, weight based on the scores. Here score 90 or above is of grade A with a weight of 5, which means Excellent; 80-89 is of grade B with a weight of 4, means Above Average; 70-79 is of grade C with a weight of 3, means Average; 60-69 is of grade D with weight of 2, means Below Average; 50-59 is of grade E with a weight of 1, means Unsatisfactory and below 50 is of grade F with a weight of 0, means Poor or Very Unsatisfactory.

On the other hand, in case of some indicators '0' is the highest standard score, where 0-9 is of grade A with a weight of 5, means Excellent; 10-19 is of grade B with weight of 4, means Above Average; 20-29 is of grade C with weight of 3, means Average; 30-39 is of grade D with weight of 2, means Below Average; 40-49 is of grade E with a weight of 1, means Unsatisfactory and 50 or above is of grade F with a weight of 0, means Poor or Very Unsatisfactory.

The whole exercise was a collective effort and we would like to extend our heartfelt thanks to the research team of Institute of Social Business (ISB) led by Prof. Nazmul Haq for their sincerity and commitment. We would also like to express our deepest gratitude to the members of the Technical Advisory Team for their valuable contribution from the study design to finalization of the report.

Our sincere appreciation also goes to the teachers, students, guardians, local education officials, partner NGOs and CAMPE team who provided spontaneous support during the survey at different stages. Special thanks to the Directorate of Primary Education (DPE) and the Ministry of Primary and Mass Education (MoPME) for their wonderful cooperation.

Finally, the Citizens' Report Card Survey 2016 and publication of its reports have been possible with the cooperation of Protyasha Project supported by DFID, Bangladesh. We acknowledge their kind cooperation and express our deep appreciation.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Kachuahat Government Primary School Gaibandha	3.44	Average	The overall score of this school is average. Indicators like distribution of free textbooks, punctuality of teacher, availability of trained teachers, teacher behavior, availability of safe drinking water, usable toilets, playground facility, hoisting national flag and rendering of national anthem have been observed good. But practicing corporal punishment and its wide acceptance by the parents is alarming despite being fully prohibited by the High Court. So, it should be stopped. Besides, most of the students are dependent on guidebooks and avail private tuition. This needs to be taken into attention by the teachers, SMCs, and local education officials.
Bharatkali Government Primary School Gaibandha	3.11	Average	The overall score of this school is average. Indicators like distribution of free textbooks, punctuality of teachers, behavior with parents, availability of safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem showed a good picture. But other indicators like buying guidebooks, practicing of corporal punishment and its wide acceptance by the parents, home visit by teacher, availing of private tuition from their own school teacher (in some cases) were resulted in under satisfaction. A number of teacher positions are still vacant leading to imbalance in teacher-student ratio and interruption in quality delivery in the classroom. Action should be taken to improve the concern areas.
Dhanaruha Government Primary School Gaibandha	3.05	Average	The overall score of this school is average. Most of the indicators like corporal punishment and its wide acceptance, use of guidebooks, taking private tuition, access to usable toilets facilities home visit, regular hoisting of national flag and rendering of national anthem were not found well. Performance of few indicators i.e. distribution of free textbooks, availability of trained teachers and their behavior with parents, punctuality of teachers, availability of safe drinking water and playground facilities were however found very satisfactory. The school needs to improve the concern areas to achieve average level of standard for quality education.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Bangarpara Government Primary School Gaibandha	2.3	Below average	The overall score of this school is poor. Corporal punishment is highly practiced in this school and widely accepted by the parents as well. Charges were taken during distribution of free textbooks. Teachers are not punctual and found to be very reluctant to follow the time schedule. The school does not comply the government instructions about regular rendering of national anthem which is very important to develop moral values and patriotism among the learners. Scores of other indicators i.e. use of guidebooks, availing private tuition, and playground facility were also very poor. Vacant teacher position contributed to keep teacher-student ratio below standard. Hoisting of national flag was maintained only. Action should be taken immediately to improve the situation.
Badinarpara Government Primary School, Gaibandha	2.72	Below average	The overall score of this school is unsatisfactory. Practice of corporal punishment and its wide acceptance by the parents is very high and home visit by teachers is almost absent. Score on indicators like dependency on guidebooks, availability of trained teacher, availing private tuition from own school teacher, teacher-student ratio and availability of safe drinking water were found very poor. Only the indicators for distribution of free textbook, teacher behavior, regular hoisting of national flag, and rendering of national anthem found expected scores. The school should prepare an action-plan and ensure its effective implementation to improve the situation.
Jumarbari Government Primary School Gaibandha	3.66	Average	The overall score of this school is satisfactory. Scores on indicators like distribution of free textbook, teacher punctuality, availability of trained teacher, teacher behavior, availability of safe drinking water, usable toilets, playground facilities, regular hoisting of national flag and rendering of national anthem were found satisfactory. Practice of corporal punishment and its wide acceptance by parents, use of guidebooks, availing regular private tuition and involvement of school teacher in private tuition for their own school student were observed which is a matter of concern. Action should be taken by teacher, parents, SMC and local education officials to improve the concern areas.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Pangasi Government Primary School Sirajgonj	3.27	Average	The overall score of the school is average. The score of some indicators like timely distribution of free textbook, availability of trained teachers, teachers behavior, availability of safe drinking water, usable toilets, playground facilities, regular hoisting of national flag and rendering of national anthem were good. But the indicators i.e. use of guidebooks, punctuality of teachers, home visit by teacher/SMC, practicing of corporal punishment and its wide acceptance by the parents and availing of private tuition were poor. Initiatives should be taken to improve the scenario of the school.
Gram Pangasi Government Primary School, Sirajgonj	3.22	Average	The overall score of the school is average. Score of some indicators like distribution of free textbook, punctuality of teachers, availability of trained teacher, safe drinking water, usable toilets, playground facilities, regular hoisting of national flag and rendering of national anthem were found good. But teacher behavior was found unacceptable and they did not make home visit regularly though all of them are trained. Practice of corporal punishment and its wide acceptance by the parents raise a big concern for this school. Action should be taken to improve the concern areas by both school and education office.
Matikora Government Primary School Sirajgonj	3.50	Average	The overall score of the school is satisfactory. Score of some indicators like distribution of free textbooks, punctuality of teachers, their behavior with parents, availability of trained teacher, usable toilets and playground facilities, regular hoisting of national flag and rendering of national anthem were found to be very good. Around one fifth teacher position are vacant which creating high teacher-student ratio that disrupted the quality teaching in classroom. Practice of corporal punishment and its acceptance by the parents is very high. Indicators like use of guidebooks, home visit, availing of private tuition and teacher-student ratio raise a big concern and needs to draw attention by the authority.

Name of Schools	Average Score	Average Grade	Area to be Improved
Gungati Government Primary School Sirajgonj	3.33	Average	The overall score of this school is average. Scores on distribution of free textbook, teacher punctuality, availability of trained teachers, their behavior with parents, safe drinking water, playground facility, hoisting of national flag and rendering of national anthem were good. Some other indicators like practice of corporal punishment and its wide acceptance by the guardians, buying guidebooks, home visit by teachers, availing private tuition and availability of usable toilets were observed and led to poor score. Teacher-student ratio is excellent even after a vacancy of teacher position. Education authority should intervene to improve the concern areas.
Dhangora Model Government Primary School, Sirajgonj	3.50	Average	The overall score of the school is satisfactory. Score of some indicators like distribution of free textbook, punctuality of teachers, teacher behavior, home visit by teachers, availability of trained teacher, availability of safe drinking water, toilets, playground facility, regular hoisting of national flag and rendering of national anthem were found good. Some other indicators like practice of corporal punishment and its wide acceptance by guardians, dependency on guidebooks and availing of regular private tuition were observed poor. Action should be taken by teacher and parents to stop practice of corporal punishment, use of guidebooks and to concentrate on improving the overall teaching-learning process.
Laxmikola Model Government Primary School, Sirajgonj	3.11	Average	The overall score of this school is average. Scores on the most of indicators like buying guidebooks, practice of corporal punishment and its wide acceptance by the parents, home visit, punctuality of teachers, their behavior with parents have low scores. Wide dependency of students on guidebooks and private tuition showed a poor picture of teaching learning even after the availability of trained teachers and excellent teacher-student ratio. However, distribution of free textbook, availability of safe drinking water, playground facility, regular hoisting of national flag and rendering of national anthem were good. Immediate action should be taken by teachers, SMC and education authority to ensure quality education and improve concern areas.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Moyamari Government Primary School Meherpur	2.94	Below average	The overall score of this school is poor. Few indicators like distribution of free textbook, home visit, teacher behavior, usable toilet facility, hoisting of national flag and rendering of national anthem showed good picture. Scores of some other indicators like buying guidebooks, availing private tuition, playground facility were getting score very poor. Corporal punishment is highly practiced and widely accepted by parents as well. Teachers are reluctant to follow the time schedule and are not adequately trained too. Teacher-student ratio and vacant position of teachers are not supportive to quality education. An urgent plan should be developed and realized jointly by teacher, SMC, parents, and education officials.
Khoksa Government Primary School Meherpur	3.50	Average	The overall score of this school is satisfactory. Most of the indicators like distribution of free textbooks, teacher's punctuality and behavior with parents, trained teacher, home visit, availability of safe drinking water, usable toilets and playground facilities, regular hoisting of national flag and rendering of national anthem were observed well. But big concern is practicing of corporal punishment and its wide acceptance by the parents. Student's dependency on guidebooks and private tuition showed a poor picture of teaching learning. Teachers are trained while the teacher-student ratio is not too high. Action should be taken to improve the teaching-learning and other concern areas.
Kola (Poschim Para) Government Primary School, Meherpur	3.50	Average	The overall score of this school is satisfactory. Scores of some indicators like distribution of free textbook, teachers' punctuality, behavior, home visit by teachers, availability of trained teacher, safe drinking water, usable toilets, playground facility, regular hoisting of national flag and rendering of national anthem were found good. Some other indicators like practice of corporal punishment and its wide acceptance by guardians, buying guidebooks, availing of private tuition, home visit by teachers were found scored poor. Students were observed to be dependable on guidebooks and private tuition. Action should be taken to stop corporal punishment, use of guidebooks and to improve the overall teaching-learning process.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Poshuhat Government Primary School Meherpur	3.05	Average	The overall score of this school is average. Scores on indicators like distribution of free textbooks, teachers' punctuality and their behavior, availability of safe drinking water, playground, hoisting of national flag were found good. Students' dependency on guidebooks and private tuition showed a poor picture of teaching learning though teacher-student ratio is excellent. Practice of corporal punishment, its wide acceptance by guardians, irregular rendering of national anthem and home visit by teachers add to more concerns. It is to be noted that all parents are dissatisfied with the lack of school infrastructure. Immediate action should be taken to improve teaching-learning and other concern areas.
Dighir Para Government Primary School Meherpur	2.72	Below average	The overall score of this school is poor. Scores on few indicators like distribution of free textbook, teacher behavior, availability of safe drinking water, usable toilets, hoisting of national flag and rendering of national anthem showed good picture. Corporal punishment is highly practiced and parents also accepted it. Teachers were not trained enough. They were very reluctant about time and home visit. Indicators like buying guidebooks, availing private tuition, playground facility were also poor. Though teacher-student ratio is excellent but students are dependable on guide books and private tuition. Immediate action should be taken to improve teaching-learning and other concern areas.
Boro Bazar Government Primary School Meherpur	3.00	Average	The overall score of this school is average. Scores of some indicators like distribution of free textbooks, punctuality of teachers and their behavior with parents, availability of safe drinking water, usable toilets, playground facility, hoisting of national flag and rendering of national anthem were found good. Though the teacher-student ratio is excellent but students' dependency on guidebooks and private tuition showed a poor picture. Practice of corporal punishment and its wide acceptance by guardians adds to more concerns. Teachers are not adequately trained and regular about home visit. Immediate action should be taken to improve teaching-learning and other concern areas.

## Average Score, grade and areas to be improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
35 no. Korea Government Primary School, Khulna	3.27	Average	The overall score of the school is average. Most of indicators like distribution of free textbook, punctuality of teachers, availability of trained teacher, teacher behavior, availability of safe drinking water, usable toilets, playground facility, hoisting of national flag and rendering of national anthem were found good. Students' dependency on guidebooks, private tuition and home visit showed a poor picture of teaching learning and have poor scores. Teacher-student ratio is little high to be improved by filling up vacant teacher positions. However, action should be taken to improve teaching-learning and other concern areas.
K Baintola Government Primary School, Khulna	3.16	Average	The overall score of this school is average. Indicators like distribution of free textbook, teacher behavior, availability of trained teachers, safe drinking water, usable toilets, playground facility, hoisting of national flag and rendering of national anthem were observed good. Some indicators like buying guidebooks, practicing of corporal punishment and its wide acceptance by the parents, home visit and teachers' punctuality scored low. Wide dependency of students on guidebooks and private tuition showed a poor picture of teaching learning. Teacher-student ratio is high to be improved by filling up vacant teacher position. However, action should be taken to improve teaching- learning and other concern areas.
K N K Government Primary School, Khulna	3.00	Average	The overall score of this school is just average. Only few indicators like distribution of free textbook, availability of safe drinking water, usable toilets, playground facilities and hoisting of national flag scored well. Indicators like using guidebooks, practice of corporal punishment and its acceptance by the parents, teachers' punctuality and their behavior with parents and home visit have found very poor score. Teachers were not punctual and adequately trained. They did not maintain regular rendering of national anthem. Sometimes parents were treated disrespectfully. Students are depended on guidebooks and private tuition. Action should be taken to improve teaching-learning and other concern areas.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Ghaoghara Government Primary School, Khulna	2.94	Below average	The overall score of the school is poor. Score of some indicators like buying guidebooks, availability of trained teacher, home visit, availing private tuition, teacher-student ratio and availability of usable toilets were very poor. Practicing of corporal punishment and its acceptance by the parents were very high. Moreover, students had to pay for receiving books which was suppose to be free Teacher-student ratio is high to be improved by filling up the vacant teacher position. Only few indicators i.e. distribution of free textbook, teacher punctualities, behavior, hoisting national flag and rendering of national anthem achieved expected scores. Action should be taken immediately to improve teaching-learning and other concern areas.
Baroaria Government Primary School, Khulna	3.11	Average	The overall score of this school is average. Most of indicators like buying guidebooks, practice of corporal punishment and its wide acceptance by the parents, teacher punctuality, home visit, availing private tuition from their own school teacher, availability of usable toilets were resulted in satisfaction. A number of teacher positions are still vacant. Distribution of free textbooks, availability of trained teacher, their behavior with parents, availability of safe drinking water, playground facilities, regular hoisting of national flag and rendering of national anthem however showed a good picture. Action should be taken to improve teaching-learning and other concern areas.
Motbari Sundormahal Government Primary School, Khulna	3.27	Average	The overall score of the school is average. Indicators like distribution of free textbooks, teachers' punctuality, availability of trained teachers, teacher behavior, availability of safe drinking water, playground facilities, hoisting national flag and rendering of national anthem have acquired good scores. High practice of corporal punishment, its acceptance by the parents, dependency on guidebooks, private tuition, practice of corporal punishment and unavailability of usable toilets showed an unpleasant picture. Teacher-student ratio is good even after vacancy of teacher position. Action should be taken to improve teaching-learning and other concern areas.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Bankerhat Government Primary School, Bhola	3.5	Average	The overall score of the school is average. Indicators like distribution of free textbooks, teachers' punctuality, availability of trained teacher, teacher behavior, availability of safe drinking water, usable toilets, playground facilities hoisting national flag and rendering of national anthem acquired good scores. High practice of corporal punishment and its acceptance by the guardians, dependency on guidebooks and private tuition showed an unpleasant picture of education. Teacher-student ratio is high which might be improved by filling vacant teacher position. Action should be taken to improve teaching-learning and other concern areas.
61 No. Chorkali Government Primary school, Bhola	3.5	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teachers' punctuality and behavior, availability of safe drinking water, usable toilets, playground facilities hoisting national flag and rendering of national anthem acquired good scores. High practice of corporal punishment and its acceptance by the guardians, unavailability of trained teachers, high teacher-student ratio added to more concern. Dependency on guidebooks, private tuition, practice of corporal punishment, its wide acceptance by the guardians showed an unpleasant picture. Initiative should be taken immediately by the local education authority and school to ensure quality education.
Moddho Charkali Government Primary School, Bhola	3.77	Average	The overall score of this school is satisfactory. Indicators like distribution of free textbook, punctuality of teachers, availability of trained teacher, home visit, teacher behavior, availability of safe drinking water, usable toilets, playground facilities, regular hoisting of national flag and rendering of national anthem were found satisfactory. Practice of corporal punishment and its wide acceptance by the parents, use of guidebooks, availing regular private tuition and involvement of school teacher in private tuition for their own school student were observed. Teacher-student ratio is high. Action should be taken to improve teaching-learning and other concern areas.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Uttar Purbo Kathali Government Primary School, Bhola	3.44	Average	The overall score of the school is average. Indicators like distribution of free textbooks, teacher punctuality, teachers behavior, availability of safe drinking water, hoisting national flag, rendering of national anthem and teacher-student ratio acquired good scores. Dependency on guidebooks, private tuition and practicing of corporal punishment showed an unpleasant picture. Scores were deducted on unavailability of trained teachers and playground. It is to be noted that a majority of parents have dissatisfaction on infrastructural issue of the school. Initiative should be taken by the local education authority and school to ensure quality education.
Charnoabad Government Primary School, Bhola	3.77	Average	The overall score of this school is satisfactory. Most of the indicators like distribution of free textbooks, teacher punctuality, teacher behavior, home visit by teachers, availability of safe drinking water, usable toilets, playground facilities hoisting national flag and rendering of national anthem acquired good scores. Though teacher-student ratio is excellent, but dependency on guidebooks, private tuition, practice of corporal punishment showed an unpleasant picture. Initiative should be taken by the local education authority and school to ensure quality education.
Bapta Shakti Sangha Government Primary School, Bhola	3.83	Average	The overall score of this school is satisfactory. Most of the indicators like distribution of free textbooks, teacher punctuality, teacher behavior, home visit by teachers, availability of safe drinking water, usable toilets, playground facilities, hoisting national flag and rendering of national anthem acquired good scores. Though the teacher-student ratio is excellent, but dependency on guidebooks, private tuition and practicing of corporal punishment showed an unpleasant picture which is not supportive for quality education. Initiative should be taken by the school to improve the situation.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Rampur Government Primary School Netrokona	3.61	Average	The overall score of this school is satisfactory. Indicators like distribution of free textbooks, teacher punctuality, availability of trained teacher, teacher behavior with parents, home visit, availability of usable toilet, safe drinking water, playground facilities and hoisting of national flag showed good picture and acquired high scores. But students were observed to be dependant on guidebooks and availing of private tuition which is not supportive to quality education. It is noted that rendering of national anthem is irregular which is important for developing patriotism. Intervention should be taken for further improvement of concern areas.
Shirobiro Government Primary School Durgapur, Netrokona	3.11	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, availability of trained teacher, home visit, teacher behavior, availability of safe drinking water, usable toilets, playground facilities, hoisting national flag and rendering of national anthem acquired good scores. High teacher-student ratio seeks immediate filling of vacant teacher position to provide quality education for all children. Students' dependency on guidebooks, private tuition, practice of corporal punishment, its wide acceptance by the guardians showed an unpleasant picture. Intervention should be taken for further improvement of concern areas.
Sagordighirpar Government Primary School, Netrokona	3.66	Average	The overall score of this school is satisfactory. Indicators like distribution of free textbooks, teacher punctuality, availability of trained teacher, home visit, teacher behavior, availability of safe drinking water, usable toilets, playground facility and hoisting of national flag showed very pleasant picture and thereby acquired good scores. Teacher-student ratio is excellent. But concern still exist on the students' dependency on guidebooks and private tuition which is not supportive to quality education. It is noted that rendering of national anthem is irregular which is important for developing patriotism. Intervention should be taken for further improvement of concern areas.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Birishiri Model Government Primary School, Netrokona	4.00	Above average	The overall score put this school is excellent. Most of the indicators like distribution of free textbooks, punctuality of teachers, teacher behavior, availability of safe drinking water, rendering of national anthem, hoisting of national flag and teacher-student ratio have acquired high scores. Corporal punishment is not practiced in this school though a portion of the guardians are to be accept it. All the students were observed to be dependable on guidebooks and private tuition which is not supportive to quality education. However, teachers should concentrate on their teaching to improve the situation.
Susong Adarsha Government Primary School, Netrokona	3.77	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, home visit, teacher behavior, availability of safe drinking water, usable toilets, playground facilities hoisting of national flag and excellent teacher-student ratio acquired good scores. Students' dependency on guidebooks, availing of private tuition, unavailability of trained teacher, irregular rendering of national anthem, practicing corporal punishment and its wide acceptance by the guardians showed an unpleasant picture. It is to be noted that a substantial portion of the guardians have dissatisfaction on school infrastructure. Intervention should be taken for further improvement of concern areas.
Durgapur Government Primary School, Netrokona	4.05	Above average	The overall score of the school is satisfactory. Most of the indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, teacher behavior, availability of safe drinking water, rendering of national anthem and hoisting of national flag showed positive performance and acquired high scores. Teacher-student ratio is acceptable. Most importantly corporal punishment is not practiced in this school though a portion of the guardians tends to be accepted it. Scores were deducted on some other indicators like buying guidebook, home visit and private tuition which are not supportive to quality education. However, teachers should concentrate on their teaching to improve the situation.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Baroipara Government Primary School Jamalpur	3.05	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, teacher behavior, availability of safe drinking water, playground facilities, hoisting national flag acquired good scores. Students' dependency on guidebooks, availing of private tuition, availability of trained teacher, usable toilets, irregular rendering of national anthem, practice of corporal punishment and its wide acceptance by the guardians and high teacher-student ratio showed an unpleasant picture. Initiative should be taken by the local education authority and school to ensure quality education for all children.
Ramchondro Government Primary School, Jamalpur	3.44	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, home visit, teacher behavior, availability of safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem acquired good scores. Students' dependency on guidebooks, availing of private tuition, unavailability of trained teacher, practice of corporal punishment and its wide acceptance by the guardians, high teacher-student ratio and vacancy of teacher position showed an unpleasant picture of education. Initiative should be taken by the local education authority and school to ensure quality education for all children.
Bera Government Primary School Jamalpur	3.83	Average	The overall score of the school is satisfactory. Indicators like distribution of free textbook, punctuality of teacher, home visit, teacher behavior with parents, availability of safe drinking water, usable toilet, playground facilities and hoisting national flag acquired good scores. But high dependency of guidebooks and availing private tuition are not a good sign of quality education. Practice of corporal punishment, and its wide acceptance by the guardians, unavailability of trained teachers, irregular rendering of national anthem also adds to more concern. Initiative should be taken by the local education authority and school to ensure quality education for all children.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Balijuri Model Government Primary School, Jamalpur	3.00	Average	The overall score of this school is just average. Most of the indicators like distribution of free textbooks, teacher punctuality, teacher behavior, availability of safe drinking water, usable toilets, school ground and rendering national anthem acquired good scores. Other indicators like buying guidebooks, availability of trained teachers, home visit and hoisting of national flag remained below the expected level. Practice of corporal punishment and its wide acceptance by the parents adds concerns which is not supportive to quality education. The teacher, local educational officials, SMC and community should pay attention to improve the teaching-learning and other concern areas.
Gabergram Government Primary School Jamalpur	3.22	Average	The overall score of this school is average. Some indicators showed very good picture that included distribution of free textbook, teacher punctuality, home visit, teacher behavior, availability of safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem. Concern is existed on buying guidebooks, practice of corporal punishment and its wide acceptance by the guardians, availing of private and tuitions etc. Rendering of national anthem is very irregular which is important to develop patriotism. Teacher-student ratio is good which might be further improved by filling vacant teacher position. Intervention should be taken to improve teaching learning situation and other required areas.
Poschim Balijuri Government Primary School, Jamalpur	2.66	Below Average	The overall score of this school is poor. Most of indicators like buying guidebook, availability of trained teachers, home visit, availing of private tuition, usable toilet, play ground facilities and rendering of national anthem showed poor picture and thereby acquired low scores. Most of the students were observed to be dependable on guidebooks and availing private tuitions which are not supportive to quality education. Few indicators including distribution of free textbooks, teacher punctuality, behavior with parents, availability of safe drinking water, regular hoisting of national flag and teacher-student ratio have good scores. Intensive initiative should be taken to improve the scenario of the school.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Rampur Government Primary School Hobiganj	3.50	Average	The overall score of the school is satisfactory. Most of the indicators like distribution of free textbook, punctuality of teacher, availability of trained teachers, teacher behavior, availability of safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem acquired high scores. Students were dependable on guidebooks and availing of private tuition which are not a good sign of quality education. Moreover, practice of corporal punishment, its wide acceptance by the guardians also add to more concern. Teacher-student ratio is good but attention is needed on home visit by teachers. Intervention should be taken to improve teaching learning process and other concerns areas.
Gobindopur Government Primary School, Hobiganj	3.55	Average	The overall score of this school satisfactory. Most of indicators like distribution of free textbook, punctuality of teacher, availability of trained teachers, teacher behavior with parents, availability of safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem showed satisfactory performance. Teacher-student ratio is also good. Students' dependency on guidebooks, availing of private tuition, practice of corporal punishment and its wide acceptance by the guardians are not a good sign of quality education. Teachers are not regular at home visit. Intervention should be taken to improve weak areas.
Teghoria Government Primary School Hobiganj	3.55	Average	The overall score of this school is average. Most of the indicators like distribution of free textbook, punctuality of teacher, teacher behavior with parents, availability of safe drinking water, usable toilet, playground facilities, hoisting of national flag and rendering of national anthem showed satisfactory performance and acquired high scores. But students were observed to be dependable on guidebooks and availing of private tuition which is not a good sign of quality education. Moreover, practice of corporal punishment, its acceptance by the guardians also adds to more concern. Teacher-student ratio is high. Intervention should be taken to improve the concern areas.

Name of Schools	Average Score	Average Grade	Areas to be Improved
SaodagorKrishnodhan Government Primary School, Hobiganj	3.66	Average	The overall score of indicators put this school in satisfactory category. Indicators like distribution of free textbook, teacher behavior with parents, home visit, availability of safe drinking water, usable toilets, hoisting of national flag and rendering of national anthem acquired high scores. Teacher-student ratio is good. Students were observed to be dependable on guidebooks and availing of private tuition which is not a good sign of quality education. Moreover, there are lacking in teacher punctuality, availability of trained teachers and playground facilities. Practice of corporal punishment and its wide acceptance by the guardians also add to more concern. Intervention should be taken to improve the concern areas.
Gosainagar Government Primary School Hobiganj	3.58	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher's punctuality, availability of trained teacher, home visit by teachers, their behavior with parents, availability of safe drinking water, usable toilets, rendering of national anthem and hoisting of national flag acquired high scores. Teaching learning is going on with excellent teacher-student ratio without vacant teacher position. Most of students were observed to be dependable on guidebooks and private tuition. Practice of corporal punishment in classroom and its wide acceptance by the guardians also add to more concern. These are not supportive to quality education. Initativas should be taken to improve the concern areas.
Nirodamoye Government Primary School, Hobiganj	3.33	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher's punctuality, availability of trained teachers, teacher behavior, availability of safe drinking water, usable toilets, playground facilities, rendering of national anthem and hoisting of national flag have acquired good scores. Teachers are irregular at home visit. There is no vacant teacher position though the teacher-student ratio is below standard. Students were observed to be dependable on guidebooks and private tuition. Practice of corporal punishment in classroom and its acceptance by the guardians also add to more concern which are not sign of quality education. Intervention should be taken to improve the concern areas.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Ramtunu Government Primary School, Joypurhat	3.22	Average	The overall score of this school is average. Some indicators like distribution of free textbooks, teacher punctuality, their behavior with parents, availability of safe drinking water, usable toilets, playground facilities, rendering of national anthem and hoisting of national flag have acquired good scores. There was no vacant teacher position and teacher-student ratio is also excellent. Teachers were reluctant to go for home visit. Practice of corporal punishment and its acceptance by the guardians are high. Students were found to be dependable on guidebooks and private tuition which are not favorable to quality education. Action should be taken to enhance teaching learning and other concern areas of school.
Gopalpur Government Primary School Joypurhat	3.50	Average	The overall score of this school is satisfactory. Most of the indicators like distribution of free textbook, teacher punctuality, availability of trained teachers, home visit by teacher, their behavior, availability of safe drinking water, usable toilets, playground facilities, rendering of national anthem and hoisting of national flag have acquired good scores. There is no vacant teacher position and teacher-student ratio is good. Some other indicators showed poor picture. those included buying guidebook, practicing of corporal punishment, availing of private tuition etc. These were not supportive to quality education. Action should be taken to improve teaching learning in school and other concern areas.
Shalapur Government Primary School Joypurhat	3.33	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, home visit, their behavior, availability of safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem have good scores. Teacher-student ratio is below standard though there is no vacant teacher position. Some other indicators failed to get good scores. Those included buying guidebooks, availability of trained teacher, home visit, practice of corporal punishment and its wide acceptance by guardians, availing private tuition. It is noted that students had to pay for receiving etc. text books. It needs attention of teachers, SMC and education authority to improve the concern areas.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Dhakarpara Government Primary School Joypurhat	3.00	Average	The overall score of this school is average. Some indicators like distribution of free textbooks, teacher behavior with parents, availability of safe drinking water, usable toilets, playground facilities and hoisting of national flag have acquired good scores. There is vacant teacher position contributed to high teacher-student ratio. Teachers were found to be reluctant to go for home visit. Practice of corporal punishment and its acceptance by the guardians are high. Rendering of national anthem was not followed. Students were found to be dependable on guidebooks and private tuition which are not favorable to quality education. Action should be taken to improve teaching learning in school and other concern areas.
Gangguria Government Primary School Joypurhat	3.00	Average	The overall score of this school is average. Indicators like distribution of free textbooks, availability of trained teachers, behavior with parents, availability of safe drinking water, usable toilets, playground facilities and hoisting of national flag have acquired good scores. There is vacant teacher position contributed to high teacher-student ratio. Teachers were reluctant about punctuality and to some extent for home visit. Practice of corporal punishment and its acceptance by the guardians are high. Rendering of national anthem was not properly followed. Students were found to be dependable on guidebooks and private tuition. Steps should be taken to enhance teaching learning in school and other concern areas.
Balighata Government Primary School Joypurhat	3.16	Average	The overall score of this school is average. Indicators like distribution of free textbooks, availability of trained teachers, behavior with parents, availability of safe drinking water, usable toilet, playground facilities and hoisting of national flag have acquired good scores. Teacher-student ratio is acceptable though there is vacant teacher position. Teachers were reluctant to some extent about punctuality and home visit. Practice of corporal punishment and its acceptance by the guardians, student's dependency on guidebooks and private tuition not favorable to quality learning. Rendering of national anthem was not followed properly. Action should be taken to improve teaching learning and other concern areas including infrastructural facilities.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Raghunathpur Government Primary School, Thakurgaon	3.44	Average	The overall score of this school is average. Most of the indicators like distribution of free textbook, home visit by teachers, their behavior with parents, availability of safe drinking water, usable toilet and playground facilities and hoisting of national flag etc. performing well. There is no vacant teacher position and teacher-student ratio is excellent. But some other indicators showed poor picture, those included buying guidebook, practice of corporal punishment, availing of private tuition. Rendering of national anthem was not properly followed. These factors are not supportive to quality education. Comprehensive action should be taken to improve teaching learning in school and other concern areas.
Velotoir Government Primary School Thakurgaon	3.11	Average	The overall score of this school is average. Some indicators like distribution of free textbooks, availability of trained teachers, behavior with parents, availability of safe drinking water, usable toilet, playground facilities, rendering of national anthem and hoisting of national flag have acquired good scores. There are vacant teacher position which contributed to high teacher-student ratio. Teachers were reluctant to some extent about punctuality and home visit. Practice of corporal punishment and its acceptance by the guardians are high. Student's dependency on guidebooks and private tuition are not favorable to quality learning. Action should be taken to enhance teaching learning and other concern areas in school.
Begungaon Government Primary School Thakurgaon	3.16	Average	The overall score of this school is average. Some indicators like distribution of free textbooks, behavior with parents, availability of safe drinking water, rendering of national anthem and hoisting of national flag have acquired good scores. There is no vacant teacher position and the teacher-student ratio is excellent. Some other indicators like availability of trained teachers, usable toilet, playground facilities acquired poor scores. Teachers were reluctant to some extent about punctuality and home visit. Practice of corporal punishment and its acceptance by the guardians, student's dependency on guidebooks and private tuition are not favorable to quality learning. Action should be taken to enhance teaching learning in school and other concern areas.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Joykrishtapur Government Primary School, Thakurgaon	3.27	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, teacher behavior, availability of safe drinking water, usable toilet, playground facilities, hoisting of national flag and rendering of national anthem have acquired good scores. Teacher-student ratio is excellent with no vacant teacher position. Some other indicators failed to get expected scores. Buying guidebooks, practicing corporal punishment and its wide acceptance by guardians, availability of trained teacher, home visit and availing private tuition are not supportive to quality education. It needs to attention of teachers, SMC and education authority to improve the concern areas.
Saguni Government Primary School Thakurgaon	3.11	Average	The overall score of this school is average. Some indicators like distribution of free textbooks, teacher punctuality, behavior with parents, availability of safe drinking water, usable toilets, playground, rendering of national anthem and hoisting of national flag have acquired good scores. Teacher-student ratio is excellent with no vacant teacher position. Some indicators like buying guidebooks, practice of corporal punishment, availability of trained teachers, home visit, availing of private tuition acquired poor scores. Teachers were reluctant about home visit. Practice of corporal punishment, its acceptance by the guardians, student's dependency on guidebooks and private tuition are not favorable to quality learning. Action should be taken to enhance teaching learning in school and other concern areas.
Bashgara Government Primary School Thakurgaon	2.61	Below Average	The overall score of this school is poor. Few indicators including distribution of free textbooks, availability of safe drinking water, regular hoisting of national flag and teacher-student ratio have good scores. Most of indicators like buying guidebook, practicing the corporal punishment, its acceptance by guardians, teacher punctuality, availability of trained teachers, home visit, teacher behavior, availing of private tuition, usable toilet and rendering of national anthem have acquired low scores. Student's dependency on guidebooks and availing private tuitions are not supportive to quality education. Intensive initiative should be taken to improve teaching learning and other concern areas of the school.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Raj Nrowompur Government Primary School Chapai Nawabganj	3.27	Average	The overall score of this school is average. Indicators like distribution of free textbooks, home visit by teachers, teacher behavior with parents, availability of safe drinking water, usable toilet, playground facilities and hoisting of national flag have acquired good scores, Teacher-student ratio is excellent with no vacant teacher position. Some indicators failed to get good scores, those included buying guidebooks, practicing of corporal punishment and its wide acceptance by guardians, teacher punctuality, availability of trained teacher, home visit and availing private tuition which are not supportive to quality education. Rendering of national anthem was not followed properly. Action should be taken to improve teaching learning and other concern areas.
Selimabad Model Government Primary School Chapai Nawabganj	3.50	Average	The overall score of this school is satisfactory. Most of indicators like distribution of free textbook, teacher punctuality, availability of trained teachers, teacher behavior with parents, availability of safe drinking water, usable toilet and playground facilities, rendering of national anthem, hoisting of national flag have acquired good scores. Teacher-student ratio is excellent with no vacant teacher position But other indicators showed poor picture those are buying guidebook, practice of corporal punishment, home visit, availing of private tuition etc. It needs to attention of teachers, SMC and education authority to improve the weak areas.
Shibgonj Government Primary School Chapai Nawabganj	3.55	Average	The overall score of this school is satisfactory. Most of the indicators like distribution of free textbook, teacher punctuality, availability of trained teachers, availability of safe drinking water, usable toilet and playground facilities, rendering of national anthem and hoisting of national flag have acquired good scores. Teacher-student ratio is also excellent with no vacant teacher position. Some indicators showed poor picture which included buying guidebook practicing of corporal punishment, home visit, teacher behavior with parents, availing of private tuition etc. These are not supportive to quality education. It needs attention of teachers, SMC and education authority to improve the weak areas.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Kanshat Government Primary School Chapai, Nawabganj	3.16	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, availability of trained teacher, teacher behavior with parents, availability of safe drinking water, usable toilet, playground facilities, hoisting national flag and rendering of national anthem have performed well and acquired good scores. Teacher-student ratio is excellent even with vacant teacher positions. Some other indicators failed to get good scores. Those included buying guidebooks, practice of corporal punishment, its wide acceptance by guardians, home visit and availing private tuition which are not supportive to quality education. Action should be taken to improve teaching learning and other concern areas.
Mohonbag Government Primary School Chapai Nawabganj	3.16	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, availability of trained teacher, teacher behavior, availability of safe drinking water, usable toilet, playground facilities, hoisting of national flag and rendering of national anthem have acquired good scores. Teacher-student ratio is below standard with a vacant teacher position. Some other indicators failed to get expected scores which included buying guidebooks, practicing corporal punishment, its wide acceptance by guardians, home visit and availing private tuition. These are not supportive to quality education. Action should be taken to improve teaching learning in school and other concern areas.
Horipur Government Primary School Chapai Nawabganj	3.50	Average	The overall score of this school is satisfactory. Most of the indicators like distribution of free textbook, teacher punctuality, availability of trained teachers, teacher behavior with parents, availability of safe drinking water, usable toilet, playground facilities, rendering of national anthem and hoisting of national flag have acquired good scores. Teacher-student ratio is excellent without any vacant teacher position. But some other indicators showed poor picture which included buying guidebook, practice of corporal punishment, home visit, and availing of private tuition. These are not supportive to quality education. It needs attention of teachers, SMC and education authority to improve the weak areas including infrastructural issues.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Monohardi Model Government Primary School, Narsingdi	3.44	Average	The overall score of this school is satisfactory. Most of the indicators like distribution of free textbook, teacher punctuality, availability of trained teachers, teacher behavior, availability of safe drinking water, playground facilities, rendering of national anthem and hoisting of national flag have acquired good scores. Teacher-student ratio is also excellent with no vacant teacher position. Some other indicators showed poor picture which included buying guidebook, practicing of corporal punishment, home visit, availing of private tuition and usable toilets. These are not supportive to quality education. It needs attention of teachers, SMC and education authority to improve the concern areas.
Harordiya Government Primary school Narsingdi	3.50	Average	The overall score of this school is satisfactory. Most of the indicators like distribution of free textbook, teacher punctuality, availability of trained teachers, teacher behavior with parents, availability of safe drinking water, usable toilets, playground facilities, rendering of national anthem and hoisting of national flag have acquired good scores. There is excellent teacher-student ratio without vacant teacher position. Some other indicators showed poor picture which included buying guidebook, practicing of corporal punishment, home visit, availing of private tuition etc. These are not supportive to quality education. It needs attention to improve the weak areas and infrastructural issues.
Monohardi Dokkhinpara Government Primary School, Narsingdi	3.00	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, teacher behavior, availability of safe drinking water, playground facilities, hoisting of national flag and rendering of national anthem have acquired good scores. Teacher-student ratio is excellent even with a vacant teacher position. Some indicators have poor scores that included buying guidebooks, practicing of corporal punishment and its wide acceptance by guardians, availability of trained teachers, home visit, availing private tuition, usable toilet etc. Which are not supportive to quality education. Action should be taken to improve teaching learning and other concern areas including infrastructural issues.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Daulatpur Union Government Primary School, Narsingdi	3.44	Average	The overall score of this school is average. Most of the indicators like distribution of free textbook, teacher punctuality, availability of trained teachers, teacher behavior with parents, availability of safe drinking water, usable toilets, playground facilities, rendering of national anthem and hoisting of national flag have acquired good scores. Vacancy of teacher position contributed to high teacher-student ratio. Some indicators showed poor picture which included buying guidebook, practice of corporal punishment, home visit and availing of private tuition. These are not supportive to quality education. It needs attention to improve the weak areas.
Kocherchar Moddhopara Government Primary School, Narsingdi	2.83	Below Average	The overall score of this school is poor. Few indicators i.e. distribution of free textbooks, safe drinking water, usable toilets, hoisting of national flag have good scores. There is excellent teacher-student ratio even after vacant teacher position. Most of the indicators like buying guidebook, practice of corporal punishment and its wide acceptance by guardians, home visit, teacher behavior, availing of private tuition, and rendering of national anthem showed poor picture. Most of the students were observed to be dependable on guidebooks and availing private tuitions which are not supportive to quality education. Intensive initiative should be taken to improve teaching learning and other concern areas of the school.
Daulatpur Government Primary School Narsingdi	3.16	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, availability of trained teachers, teacher behavior with parents, availability of safe drinking water, playground facilities, hoisting of national flag and rendering of national anthem have performed well. Vacant teacher position contributed to high teacher-student ratio. Some other indicators failed to get expected scores that included buying guidebooks, practice of corporal punishment and its wide acceptance by guardians, home visit and availing private tuition etc. These are not supportive to quality education. Action should be taken to improve teaching learning and other concern areas.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Matikumra Government Primary School, Narail	3.37	Average	The overall score of this school presents an average picture. Indicators like distribution of free textbooks, punctuality of teachers, availability of trained teacher, home visit to irregular students, teacher behavior, availability of safe drinking water, playground, hoisting of national flag, rendering of national facilities anthem and teacher-student ratio provides a very good impression. Practicing of corporal punishment and its wide acceptance by the parents, student's dependency on private tuition and guidebooks reflect poor teaching learning of school. Vacant teacher position is interrupting the quality teaching. Action should be taken to improve teaching learning and other concern areas.
Kachubaria Government Primary School, Narail	3.38	Average	The overall score of this school is average. Indicators like distribution of free textbook, home visit, availability of safe drinking water, usable toilets, playground facilities and hoisting national flag show high scores. Teachers are trained, punctual and also behave well with parents. However, they could not prevent most of the students from guidebooks and private tuition. Though the practice of corporal punishment is low, its acceptance by the parents is high. Rendering of national anthem should be regular. As there is no teacher vacancy; and teacher-student ratio is also excellent, the teachers can improve the situation by putting more attention and addressing the weak areas.
PL Pasha Government Primary School, Narail	3.61	Average	The overall score acquired by this school is satisfactory. Indicators like distribution of textbook, punctuality of teacher, availability of trained teacher, home visit, availability of usable toilet, safe drinking water, playground facilities, teacher-student ratio in classroom, rendering of national anthem and hoisting of national flag have acquired good scores. Concern remains on students' dependency on guidebooks, availing private tuition from their own school teacher with payments. The teachers can improve the situation by avoiding corporal punishment and be attentive in teaching. Dissatisfaction of one third of the respondents on school infrastructure also seeks attention.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Itna Government Primary School, Narail	3.61	Average	The overall score of this school is satisfactory. Most of the indicators like distribution of free textbook, punctuality of teacher, availability of trained teacher, home visit, teachers' behavior, availability of safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem showed high-level performance. Concerns remain on buying guidebooks and availing private tuition. Practice of corporal punishment also adds to concern. There is lacking in quality teaching learning process in school. Despite having no vacant teacher position, teacher-student ratio could not meet the standard. Teacher should concentrate on their teaching to improve the situation.
Udayan Government Primary School, Narail	3.27	Average	The overall score of this school is average. Most of the indicators like distribution of free textbook, teacher behavior, punctuality of teacher, availability of trained teachers, safe drinking water, usable toilet, playground facilities, hoisting of national flag, rendering of national anthem were observed excellent. But number of the students were found to be dependent on guidebooks and availing of private tuition. High teacher-student ratio is an impediment in quality teaching learning. High prevalence of corporal punishment has relation with low performance of students in classroom. School authority should intervene to improve the quality of teaching and other issues.
Kumardanga Government Primary School, Narail	3.05	Average	The overall score of this school is just average. Indicators like distribution of free textbooks, punctuality of teachers, teacher behavior, availability of trained teachers, usable toilets, playground, rendering of national anthem and hoisting of national flag are excellent. Student's dependency on guidebook, private tuition, home visits by teachers, practice of corporal punishment and its wide acceptance is the guardians are quite alarming. The school has opportunity to improve teaching-learning which will help them achieve required level of standard.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Thakurpur Government Primary School, Faridpur	3.16	Average	The overall score of this school is average. Indicators like distribution of free textbook, availability of trained teacher, punctuality, behavior of teacher, availability of safe drinking water, playground facilities, hoisting of national flag and rendering of national anthem are very good. Prevalence of corporal punishment, its wide acceptance by guardians, high dependency on guidebooks, and private tuition are not supportive to quality education. Moreover, the frequency of home visit by teacher and availability of usable toilet facilities were not up to the mark. Teachers should concentrate on ensuring effective teaching-learning that will help to improve the overall situation.
Moyna Government Primary School, Faridpur	3.44	Average	The overall score of this school is average. Most of the indicators like distribution of textbooks, availability of trained teachers, punctuality, teacher behavior, availability of safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem have good scores. Some indicators could not earn satisfactory scores that included high dependency on guidebooks, availing private tuition, practice of corporal punishment and its wide acceptance by parents. Action should be taken to increase the frequency of home visit by the teachers and improve teaching-learning process. It may be noted that more than one third of respondent are not satisfied with the school infrastructure.
Gouripur Government Primary School, Faridpur	2.77	Below average	The overall score of this school is quite disappointing. Only few indicators like distribution of textbooks, availability of safe drinking water, sanitation facilities, playground facilities, rendering of national anthem, hoisting of national flag and teacher-student ratio showed good performance. The school had been suffering from vacant teacher position, inadequacy of trained teachers. Teachers behaved well with parents but they could not refrain themselves from adopting corporal punishment in the name of keeping discipline. Students were found to be dependent on guidebooks and private tuition. Teacher did not care about the home visit. Immediate initiative should be taken to improve the situation including teaching-learning practices.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Poschim Shatasi Government Primary School, Faridpur	3.38	Average	The overall score of this school is average. Indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, teacher behavior, availability of safe drinking water, usable toilets and playground facilities, hoisting of national flag, rendering of national anthem and excellent teacher-student ratio have earned highest scores. Dependency on guidebooks, private tuition and practice of corporal punishment showed overall lacking of quality teaching learning. It is to be noted that around half of the guardians are dissatisfied with the infrastructural facilities of school. However, initiative should be taken to improve the situation including quality teaching learning.
Moddhergari Government Primary School, Faridpur	2.88	Below average	The overall score of this school provides an unsatisfactory picture. Indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, teacher behavior, availability of safe drinking water, usable toilets, hoisting of national flag and rendering of national anthem acquired good scores. Dependency on guidebooks, private tuition and practice of corporal punishment showed overall lacking of quality teaching learning. Teacher-student ratio is not too high, but teachers don't go for home visit. The school should have plan to improve this depressing situation and teachers must concentrate on teaching.
Boalmari Government Primary School, Faridpur	3.11	Average	The overall score of this school is average. Indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem have maximum scores. Teachers are punctual and trained. But they could not stop practice of corporal punishment. Parents are satisfied with teachers but they hardly go for home visit. There is no vacancy of teacher position and teacher-student ratio is good. Students were found to be dependable on guidebooks and private tuition. However, initiative should be taken to improve the situation including quality teaching learning.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Poschim Singra Government Primary School, Pirojpur	3.16	Average	The overall score of this school is average. Indicators like distribution of textbooks, availability of trained teachers, punctuality of teachers, availability of safe drinking water, usable toilets, hoisting national flag, rendering of national anthem and teacher-student ratio have high scores. But teachers hardly go for home visit and could not stop practice of corporal punishment. Students were dependable on guidebooks and private tuition. This indicates the poor teaching learning in school. It is to be noted that around one third of the parents are dissatisfied with the infrastructural facilities of the school. However, school should utilize the capacity of its trained teacher to ensure quality education.
Boxir Ghotichora Government Primary School, Pirojpur	3.33	Average	The overall score of this school is average. Scores on indicators like distribution of free textbooks, punctuality of teachers, teacher behavior, home visit by teachers, availability of usable toilet, playground facilities, rendering of national anthem and hoisting of national flag are good. Provision of safe drinking water was not found during the survey. There is no vacant teacher position and teacher-student ratio is excellent. Dependency on guidebook, private tuition and corporal punishment, its wide acceptance by the guardians are not supportive to quality education. Initiative should be taken to ensure effective teaching-learning in class room and other required facilities including infrastructural facilities.
Purbo Mithakhali Government Primary School, Pirojpur	3.11	Average	The overall score of this school is average. Most of the indicators like distribution of free textbooks, punctuality of teachers, teacher behavior, availability of safe drinking water, usable toilet, playground facilities, rendering of national anthem, and hoisting of national flag have acquired high scores. There is no vacant teacher position and teacher-student ratio is excellent. Students dependency on guidebooks, private tuition and practice of corporal punishment are not supportive to quality education. Teachers must concentrate on teaching and school should have plan to improve the situation including infrastructural issue.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Dokkhih Ghoser Tikikata Government Primary School, Pirojpur	3.27	Average	The overall score of this school is average. Most of the indicators like distribution of free textbooks, punctuality of teachers, availability of trained teacher, teacher behavior, availability of safe drinking water, usable toilet, playground facilities, rendering of national anthem, and hoisting of national flag have acquired good scores. Despite being punctual and trained enough, teachers practiced corporal punishment to some extent which was mostly accepted by the parents. Most of the students were dependable on guidebooks and private tuition. Teacher-student ratio is little bit high due to vacant teacher position. However, the school should make a priority plan for further improvement.
Dokkhih Mithakhali Government Primary School, Pirojpur	3.16	Average	The overall score of this school is average. Indicators like distribution of free textbook, availability of trained teachers, teacher behavior, home visit by teachers, availability of safe drinking water, rendering of national anthem, and hoisting of national flag have acquired high scores. Fulfilled teacher position help to maintain excellent teacher-student ratio, but students were found dependable on guidebooks and private tuition. Practice of corporal punishment and its acceptance by the parents are not a sign of quality education. Initiative should be taken to improve the situation including playground facility and extra-curricular activities. Teachers should be punctual and attentive in teaching learning.
Kumirmara Bondor Government Primary School, Pirojpur	3.05	Average	The overall score of this school is average. Most of the indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, teacher behavior, availability of safe drinking water, rendering of national anthem and hoisting of national flag have acquired good scores. Student's dependency on guidebooks, and private tuition, practice of corporal punishment and less home visit are not supportive to quality education. However, vacant teacher position should be immediately filled up. Existing trained teacher should be attentive in teaching learning to improve the situation. Initiative should be taken to improve the infrastructural facilities of the school.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
1 No. Sreenagar Government Primary School, Kishoreganj	3.11	Average	The overall score of this school is average. Few indicators like distribution of free textbooks, punctuality of teachers, home visit by teachers, teacher behavior, usable toilets, and playground facility were found satisfactory. Students were dependable on guidebooks, and private tuition. Hoisting of national flag and rendering of national anthem are not maintained properly. Availability of safe drinking water is limited. Corporal punishment is highly practiced and accepted by the parents. Teacher-student ratio is extremely high which seeks immediate deployment of trained teachers. Initiative should be taken to the improve concern areas.
Sreenagar Purbo Government Primary school, Kishoreganj	3.16	Average	The overall score of this school is average. Indicators like distribution of free textbooks, punctuality of teachers, home visit by teachers, teacher behavior, availability of safe drinking water, and hoisting of national flag have acquired high scores. Students were not dependable on guidebooks, and private tuition. But national anthem is not rendered regularly and toilets are not usable. Corporal punishment is highly practiced and accepted by the parents. Teacher-student ratio is extremely high which seeks immediate deployment of the trained teachers. Initiative should be taken to improve overall situation including infrastructural facilities.
Kamarkanda Government Primary School, Kishoreganj	3.27	Average	The overall score of this school is average. Most of the indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, home visit, teacher behavior, availability of safe drinking water, usable toilets, playground, hoisting of national flag and rendering of national anthem have earned high scores. Student's dependency on guidebooks and private tuition, practice of corporal punishment and its wide acceptance by parents do not reflect quality education. Though there is no vacant teacher position but the teacher-student ratio is high. The school needs more classroom and teachers should be punctual and improve there steep to better perform is the class room.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Kamalpur Hazi Junab Ali Government Primary School, Kishoreganj	3.16	Average	The overall score of the indicators is average. Indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, home visit by teacher, teacher behavior, and availability of usable toilets have earned good scores. Students were observed to be dependable on guidebooks and private tuition. Practicing corporal punishment is going on. Moreover, hoisting of national flag and rendering of national anthem are not properly maintained which is not good sign for education at all. Teacher-student ratio is quite high and unmanageable which should be immediately addressed for quality teaching-learning. So, steps should be taken to improve the situation.
Ansar VDP Government Primary School, Kishoreganj	3.27	Average	The overall score of this school is average. Most of the indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, home visit by teachers, teacher behavior, availability of safe drinking water, usable toilets, hoisting of national flag and rendering of national anthem have acquired high scores. Student's dependency on guidebooks, private tuition, practice of corporal punishment, its wide acceptance by the parents and high teacher-student ratio are not meeting indicators of quality education. This picture seeks immediate attention for additional classrooms and improvement of other concern areas.
Komolpur Mozaffor Bepari Government Primary School Kishoreganj	3.33	Average	The overall score of indicators of this school is average. Indicators like distribution of free textbooks, punctuality of teachers, availability of trained teacher, teacher behavior, availability of safe drinking water, playground facilities, rendering national anthem, and hoisting of national flag have acquired high scores. Despite being punctual and trained enough but teachers practiced corporal punishment which was also accepted by the parents to some extent. Most of the students were observed to be dependable on guidebooks and private tuition from their own school teacher. Teacher-student ratio is acceptable but needs to reach standard level. However, priority plan should be prepared for further improvement.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Areas to be Improved
Homna Model Government Primary School, Comilla	3.27	Average	The overall score of indicators of the school is average. Most of indicators like distribution of free textbooks, punctuality of teachers, availability of trained teacher, teacher behavior, availability of safe drinking water, playground, rendering of national anthem and hoisting of national flag have acquired high scores. Teacher-student ratio is good. Despite being punctual and trained enough, teachers practiced corporal punishment which was also accepted by the parents to some extent. Scores were deducted on some other indicators like buying guidebook, home visit of teacher, private tuition and availability of usable toilet. However, a priority plan should be developed for further improvement.
4 No. Paschim Srimoddi Government Primary School, Comilla	3.11	Average	The overall score put this school as average. Some of indicators like punctuality of teachers, availability of trained teachers, home visit by teacher, teacher behavior, availability of drinking water, usable toilets, hoisting of national flag and rendering of national anthem have earned high scores. The condition of some textbooks distributed was not up to the mark. Student's dependency on guidebooks, private tuition and practice of corporal punishment are not supportive to quality education. Teacher-student ratio is quite high and unmanageable which should be immediately addressed for quality teaching-learning. However, a priority plan should be developed for further improvement.
HomnaAdorsho Government Primary School, Comilla	3.38	Average	The overall score of indicators present the school as average. Most of indicators like distribution of free textbooks, punctuality of teachers, availability of trained teacher, home visit by teacher, teacher behavior, availability of safe drinking water, playground, rendering of national anthem, and hoisting of national flag have acquired high scores. Teacher-student ratio is good. Practice of corporal punishment, its acceptance by the parents, dependency on guidebooks, less home visit by teacher, private tuition and unavailability of usable toilets are not supportive to quality education at all. However, the school should make a priority plan for further improvement.

Name of Schools	Average Score	Average Grade	Areas to be Improved
Kolakandi Government Primary School, Comilla	4.27	Above average	The overall score of indicators present the school as quite pleasing. Most of indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, home visit by teachers, teacher behavior, availability of safe drinking water, playground, rendering of national anthem and hoisting of national flag have acquired high scores. No sign of practicing corporal punishment was observed while parents are more aware of it. Teacher-student ratio is below standard which might be improved by filling vacant teacher position. Still dependency on guidebooks and private tuition was observed which are the impediment of quality education. However, school should intervene to continue with this improvement.
Nilkhi Government Primary School, Comilla	3.61	Average	The overall score of indicators put this school in satisfactory grade. Most of the indicators like distribution of free textbooks, teacher punctuality, teacher behavior, availability of trained teachers, safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem acquired good scores. Teachers are punctual and trained, but not regular about home visit. Dependency on guidebooks and private tuition were observed which are not supportive to quality education. Corporal punishment is in practice and accepted by the guardians to some extent. Vacant teacher position made teacher-student ratio high which should be addressed immediately. However, it needs to improve this situation.
Bhobanipur Government Primary School, Comilla	3.38	Average	The overall score put this school in satisfactory. Most of the indicators like distribution of free textbooks, teacher punctuality, teacher behavior, availability of trained teachers, home visit by teachers, availability of safe drinking water, usable toilets including hoisting of national flag and rendering of national anthem acquired good scores. A negligible part of the students was found to be dependable on guidebooks and private tuition. Corporal punishment is practiced and accepted by the guardians which are not supportive to quality education. Teacher-student ratio is below standard which should be addressed immediately. However, school should make plan to improve this situation including the playground.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Area to be Improved
Kumna Government Primary School Sunamganj	3.33	Average	The overall score of this school is average. Indicators like distribution of free textbooks, availability of trained teachers, teacher behavior, availability of safe drinking water, usable toilets, playground hoisting of national flag and rendering of national anthem have acquired high scores. Students' dependency on guidebooks, private tuition, practice of corporal punishment and its acceptance by the guardian do not indicate quality education. Vacant teacher position made the teacher-student ratio very high. Scores was deducted on punctuality of teachers and less home visit regularly. It needs to work for further improvement of overall situation.
Kashipur Government Primary School Sunamganj	3.94	Average	The overall score put this school in satisfactory category. Most of the indicators like distribution of free textbooks, teacher punctuality, teacher behavior, availability of trained teachers, home visit by teachers, availability of safe drinking water, usable toilets, playground hoisting of national flag and rendering of national anthem acquired good scores. Student's dependency on guidebooks and private tuition, practicing of corporal punishment and its acceptance by the guardians are not supportive to quality education. Vacant teacher position kept teacher-student ratio below standard to be addressed immediately. However, school should have aplan to improve the situation including infrastructural facilities.
Boula Government Primary School Sunamganj	3.16	Average	The overall score of this school is average. Indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, teacher behavior, availability of safe drinking water, usable toilet hoisting of national flag and rendering of national anthem have acquired high scores. Students were observed to be dependable on guidebooks and private tuition. Practice of corporal punishment and its wide acceptance by the guardians are quite high. No vacant teacher positionis available but the teacher-student ratio very high. Scores were deducted on home visit by teachers and limited playground facility. Local education office, teacher and SMC members need to work to improve the overall situation.

Name of Schools	Average Score	Average Grade	Area to be Improved
Tatikona Government Primary School Sunamganj	3.33	Average	The overall score of this school is average. Indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, teacher behavior, availability of safe drinking water, playground, usable toilet including hoisting of national flag and rendering of national anthem have acquired good scores. But students were observed to be dependable on guidebooks and private tuition. Practice of corporal punishment and its acceptance by the guardians are quite high. No vacant teacher position is available but the teacher-student ratio is very high. Scores were deducted on less home visit by teachers and limited playground facility. It needs efforts to further improve the overall situation.
Jhobgapa Government Primary School Sunamganj	3.50	Average	The overall score put this school in satisfactory category. Indicators like distribution of free textbooks, punctuality of teachers, teacher behavior, availability of safe drinking water, usable toilets, playground hoisting of national flag and rendering of national anthem acquired good scores. Students were dependable on guidebooks and private tuition. High practice of corporal punishment and its acceptance adds to more concern. Scores were deducted on the availability of trained teachers and less home visit by them. Vacant position of teacher contributed to very high teacher-student ratio to be addressed immediately. School should have a plan to further improve the situation including infrastructural facilities.
Mohodi Government Primary School, Sunamganj	3.38	Average	The overall score of this school is average. Indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, teacher behavior, availability of safe drinking water, playground, usable toilet including hoisting of national flag and rendering of national anthem have acquired good scores. But students were observed to be dependable on guidebooks and private tuition. Practice of corporal punishment and its acceptance by the guardians are quite high. Vacancy of teacher position contributed to high teacher-student ratio. Score was deducted on less home visit by teachers. Local education office, teacher and SMC members need to work to further improve the overall situation.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Area to be Improved
Barghoniamukh Government Primary School, Rangamati	3.22	Average	The overall score of this school is average. Indicators like distribution of free textbooks, punctuality of teachers, teacher behavior, availability of safe drinking water, playground, usable toilets, hoisting of national flag and rendering of national anthem have acquired good scores. But students were observed to be dependable on guidebooks and private tuition. Practice of corporal punishment and its wide acceptance by the guardians are quite high. Number of teacher position is vacant though the teacher-student ratio is good. Schools should have efforts to improve the situation.
K R C Government Primary School, Rangamati	3.27	Average	The overall score of this school is average. Indicators like distribution of free textbooks, punctuality of teachers, teacher behavior, availability of safe drinking water, playground facility, usable toilet including hoisting of national flag and rendering of national anthem have acquired good scores. But students were observed to be dependable on guidebooks and private tuition. Practice of corporal punishment and its acceptance by the guardians are quite high. No vacant teacher position is available and the teacher-student ratio is below standard. Schools should have efforts to improve the situation.
Phoolbagan Government Primary School, Rangamati	3.44	Average	The overall score of this school is average. Most of the indicators like distribution of free textbooks, teacher punctuality, teacher behavior, availability of safe drinking water, usable toilets, playground, hoisting of national flag and rendering of national anthem acquired good scores. Dependency on guidebooks, private tuition, high practice of corporal punishment and its acceptance by the guardians showed an unpleasant picture wide. Teacher-student ratio is only 1:13 without any vacant teacher position. Scores were deducted on inadequate trained teachers and by teachers. Initiative should be taken to ensure quality education for a low number of student is school.

Name of Schools	Average Score	Average Grade	Area to be Improved
B M Government Primary School, Rangamati	3.22	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher behavior, availability of usable toilets, playground, hoisting of national flag and rendering of national anthem acquired good scores. Dependency on guidebooks, private tuition, high practice of corporal punishment and its acceptance by the guardians showed an unpleasant picture. Teacher-student ratio is only 1:12 without any vacant teacher position. Scores were deducted on the indicators like availability of trained teachers, teacher punctuality, home visit by them and availability of safe drinking water. Initiative should be taken to improve the overall situation.
New Market Government Primary School, Rangamati	4.05	Above Average	The overall score put this school in pleasing category. Most of indicators like distribution of free textbooks, punctuality of teachers, teacher behavior, home visit by teachers, availability of safe drinking water, usable toilets, playground, hoisting of national flag and rendering of national anthem acquired good scores. Corporal punishment was not practiced in the school at allthough a portion of the parents expects it. There is no vacant teacher position and teacher-student ratio is quite excellent. But all the students were observed to be dependable on guidebooks. A part of them followed private tuition from their own school teachers. Initiative to be taken to restrain their student from dependency on guidebooks.
Chowdhurychora Government Primary School, Rangamati	3.11	Average	The overall score of this school is average. Indicators like distribution of free textbooks, availability of trained teacher, usable toilets, playground facilities. hoisting of national flag acquired good scores. Dependency on guidebooks, private tuition and practice of corporal punishment showed an unpleasant picture of education. Teacher-student ratio is excellent but scores were deducted on indicators like punctuality of teachers, home visit, teacher behavior, rendering of national anthem and vacant teacher position should be filled up. Initiative should be taken by the local education authority and school its-self to ensure quality education.

## Average Score, Grade and Areas to be Improved

Name of Schools	Average Score	Average Grade	Area to be Improved
Shaplapur Government Primary School, Cox's Bazar	3.00	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, home visit by teachers, teacher behavior, availability of usable toilets, playground facility, hoisting of national flag and rendering of national anthem have good scores. Though the students don't follow guidebooks but they went for private tuition. There is limitation in availability of safe drinking water. Corporal punishment is highly practiced which is accepted by the parents. Moreover, most of the students had to pay while receiving free textbooks. There is vacancy of teacher position and teacher-student ratio is extremely high which seeks immediate construction of classrooms and deployment of trained teachers. Initiatives should be taken to improve the overall situation.
Mithakata Government Primary School, Cox's Bazar	3.27	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, availability of trained teacher, teacher behavior, safe drinking water, usable toilets, playground facilities hoisting of national flag and rendering of national anthem acquired good scores. Dependency on guidebooks, private tuition and practice of corporal punishment showed an unpleasant picture. High teacher-student ratio seeks additional classrooms and deployment of trained teachers. There is malpractice of payment for receiving free textbooks. Scores were also deducted on indicator like home visit. Initiative should be taken to improve the situation.
Mukbeki Government Primary School, Cox's Bazar	2.5	Below Average	The overall score of this school provides an poor picture. Indicators like distribution of textbooks, punctuality of teachers, teacher behavior, availability of safe drinking water, usable toilets, hoisting of national flag and rendering of national anthem have good scores. Concerns persisted on indicators like payment for receiving textbooks, buying guide books, home visit by teachers, availing private tuition, playground, practice of corporal punishment and its wide acceptance etc. There is vacancy of teacher position including inadequacy of trained teacher while teacher-student ratio is unmanageably high. Teachers are very irregular about home visit. The school needs immediate attention of education authority to improve this depressing situation.

Name of Schools	Average Score	Average Grade	Area to be Improved
Burmese Government Primary School, Cox's Bazar	3.44	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, availability of trained teacher, teacher behavior, availability of safe drinking water, usable toilets, playground, hoisting of national flag and rendering of national anthem acquired good scores. Dependency on guidebooks, private tuition and practice of corporal punishment and its acceptance by the guardians showed an unpleasant picture. Initiative should be taken to further improve the situation.
Moheshkhali Government Primary School, Cox's Bazar	3.27	Average	The overall score of this school is average. Indicators like distribution of free textbooks, teacher punctuality, availability of trained teacher, teacher behavior, availability of safe drinking water, usable toilets, playground facilities, hoisting of national flag and rendering of national anthem acquired good scores. Dependency on guidebooks, private tuition and practice of corporal punishment and its acceptance by the guardians showed an unpleasant picture. Teacher-student ratio was high. Initiative should be taken to further improve the situation.
Putibila Government Primary School, Cox's Bazar	3.33	Average	The overall score put this school as average category. Most of the indicators like distribution of free textbooks, punctuality of teachers, availability of trained teachers, teacher behavior, availability of safe drinking water, usable toilets, playground including hoisting of national flag and rendering of national anthem have acquired good scores. There is no vacancy of teacher position and teacher-student ratio is excellent. Dependency on guidebooks, private tuition and practice of corporal punishment and its acceptance guardians showed an unpleasant picture. Initiative should be taken to improve the situation.
